

Floyd Lee President

Its never too early to begin planning for the fall gun show. The dates will be September 29 & 30. We have been doing these shows for a lot of years and all of them are made possible by the volunteers from our club. We are always looking for door guards, help with table set up and take down, and ticket sales. None of these jobs are strenuous

and only require a small amount of your time. Successful gun shows help keep our dues low by providing a major part of the clubs income. Watch for the sign up sheet at the club house, monthly meetings, or you can contact Floyd Lee at 656-2610. Thanks in advance for helping!!!!!!

Steve Cowboy Action

“The June Cowboy match found seven hot Cowboys battling it out in the heat. The heat was brutal. Congratulations to Bullwhip for taking the top honors for the day.

Our next shoot will be on July 7th. The safety meeting will be at 9 AM. Everyone is welcome and visitors are encouraged. Come on out and have a good time with the Cowboys!!!

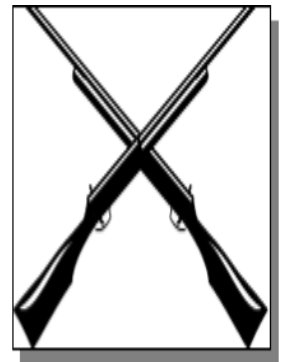

And don't forget, our big annual match, The Missouri – Arkansas Border Wars, will be October 6th. Start getting your posse together and make plans to attend!!!!”

Brian Callahan Pistol

The temperatures are hot but that doesn't slow the action at the pistol range. Saturday, July 7, we will be shooting our monthly USPSA match at 11am. These matches are unique in the fact they are great fun and practice at the same time. We have a number of very experienced shooters who are willing to answer questions to help you get started.

When you are shooting the falling plate rack on Bay 1 make sure you are no closer than 10 yds. Shooting the plates from a closer distance increases the chances bullet splatter could hit you.

HOPE TO SEE YOU AT THE RANGE
