

Michael Lyons Secretary

October is upon us and once again we will be sending out the 2019 renewal notifications. This year will be a little different. The envelopes that we are using this year have "Membership Renewal Enclosed" in red letters written across the top of the envelopes. That way there should be no question when you see it as to what it is.

We recently had an incident where a prospective member, prior to completing his orientation, was given the gate code by another member and was using the range. This is wrong

for two reasons. 1) Twin Lakes Gun Club is a private, members only club. 2) There is a serious insurance liability issue if a prospective or non-member should get injured while using the clubs range facilities. Even though we have a sign at the gate saying we are not liable, that still doesn't stop a non-member from suing us over injuries and we would have to defend that lawsuit. That could be financially catastrophic for the club. So please, do not give out the gate code. To anybody! Thank You.

Jim Brink Rifle

Just a quick note on the Cowboy's October match. They will be using the Rifle range on the following days. OCT. 5th, 6th and 7th; that will be Fri, Sat and Sun. There can be "NO" shooting of rifles at the range on these days!!! The range will be closed to all but the Cowboys.

I have been asked to run a trial rimfire match and possibly a new match type at the club. It seem some rimfire shooters would like to shoot a 50 yard iron-sights off the bench match. No scopes, rear peep (Lyman, Redfield Type) and front globe with inserts. We have some old 50 yard 22LR targets, 4 bulls

and a 5th sighter that would work. If you would like a match in this format, let me know.

We now have a firm date for the Fall Meat Shoot; the first Saturday of December at 10:30. We will shoot the entire match at 100 yards with no more than 50 rounds. I will put a sign-up sheet in the club house on the table.

GOOD SHOOTING, BE SAFE , JIM BRINK

Al Wilke Cowboy Action

We had a small group for our shoot on September 1 but we still had a great time. Several of our regular shooters were representing the White River Gang and the Gun Club at a major match in Hot Springs, AR called Shootin' in the Shade. We did have one new shooter, Rowdy Rick (aka Rick Wheeler). We hope you come back often.

Plans are well underway for the big Border Wars match on October 6. Applications are coming in and scenarios are complete. We are expecting a big turnout. We could still use some help setting up and tearing down the three stages on the rifle range. Setup will be on Friday the 5th. If you can give some time to help the Cowboys, please call me at 636-357-3605 for more details.

Tom Kopecky Trap

Looking at the thermometer, it looks like another summer has came and went. Its been a pretty busy summer over at the Trap ranges. We had our 3 ATA shoots that were well attended. Our club looked pretty good to shooters not from our club. I would like to thank our volunteers that without their help these shoots would not work at all.

We have a league shoot coming up, starting on October 16th; this one is a little different in that it will be shot on Tuesday nights and with squads on Thursday mornings. Their scores will be combined and calculated to determine the winning squads.

There is still room for a few more shooters, give me a call, or talk to me at the range. Good luck to all shooters. We also are having a Tuesday night challenge. A 50 bird shoot, 25, singles and 25 handicap targets, for \$10, this is on Tuesday night, October 2nd starting around 5:30pm come on out and try your luck. We have repainted the lines and numbers on the trap and skeet ranges and does it look good. Again, thanks to our volunteers, who made time to finish this project.

Elka King Vice-President

Sunday October 28 2018

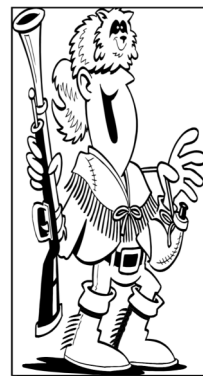

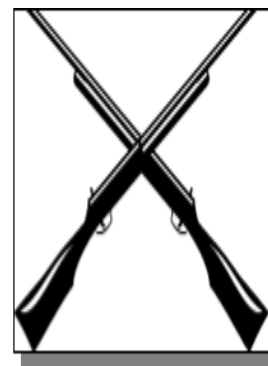

10AM to 6 PM

Intuitive Defensive Shooting: 1 day *Pistol*
