

The rifle range will be closed to (formal) club sanctioned matches for the months of June & July! When we reopen, only two people will be allowed in the clubhouse at one time. I will spray down the sign-in table and the center table with disinfectant. The range line exterior firing benches are on 75" centers, I don't think we will need to alternate a open bench between shooters, 75" should be sufficient spacing for the covid-19 guidelines. I have put a spray bottle of disinfectant, paper towels and about 12 facial masks in the clubhouse. Rifle shooters are urged to help themselves, remember, stay 6 feet apart. We will take a look at what is happening in August. If things are better, we could start club sanctioned matches again. I hope so. Be safe.

Jim Brink
